    <meta charset="UTF-8">
    <title>Contact Form with Backup</title>
    <link rel="stylesheet" href="style.css">
</head>
<body>
<div class="container">
    <h2>Contact Us</h2>
    <form id="contactForm">
        <input type="text" id="name" placeholder="Name" required>
        <input type="email" id="email" placeholder="Email" required>
        <textarea id="message" placeholder="Message" required></textarea>
        <button type="submit">Submit</button>
    </form>
    <p id="status"></p>
</div>
<script src="script.js"></script>
</body>
</html>
```

Style.css

```css
body {
    font-family: Arial, sans-serif;
    background: #f2f2f2;
}

.container {
    width: 350px;
```

```css
    margin: 80px auto;

    padding: 20px;

    background: white;

    border-radius: 8px;

    box-shadow: 0 0 10px rgba(0,0,0,0.1);

}

h2 {

    text-align: center;

}

input, textarea {

    width: 100%;

    padding: 10px;

    margin: 10px 0;

}

textarea {

    height: 80px;

    resize: none;

}

button {

    width: 100%;

    padding: 10px;

    background: #007bff;

    border: none;

    color: white;

    font-size: 16px;

    cursor: pointer;

}
```

```css
button:hover {

    background: #0056b3;

}

#status {

    text-align: center;

    margin-top: 10px;

}
```

Script.js (🔥 WITH BACKUP)

```javascript
document.getElementById("contactForm").addEventListener("submit", function (e) {

    e.preventDefault();

    const contact = {

        name: document.getElementById("name").value,

        email: document.getElementById("email").value,

        message: document.getElementById("message").value,

        time: new Date().toISOString()

    };

    // 🔹 BACKUP TO LOCAL STORAGE

    let backupData = JSON.parse(localStorage.getItem("contactBackup")) || [];

    backupData.push(contact);

    localStorage.setItem("contactBackup", JSON.stringify(backupData));

    // 🔹 SEND TO SERVER

    fetch("http://localhost:8080/contact", {

        method: "POST",

        headers: {

            "Content-Type": "application/json"
```
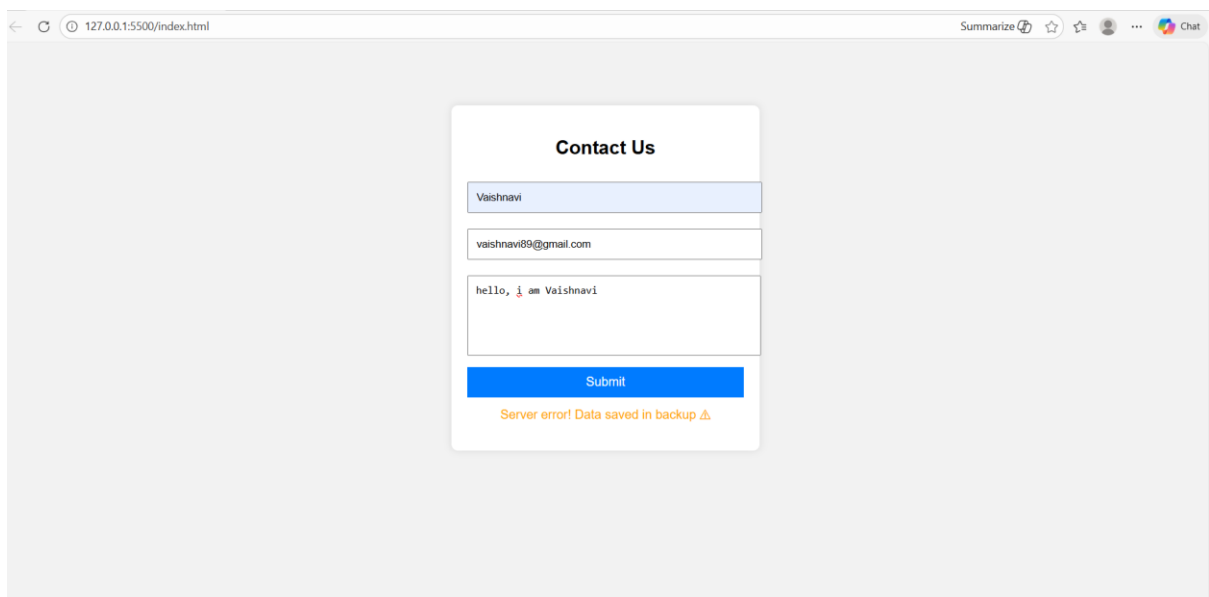

```
        },

        body: JSON.stringify(contact)

    })

    .then(response => response.json())

    .then(data => {

        document.getElementById("status").innerText =

            "Data submitted & backed up successfully ✔";

        document.getElementById("status").style.color = "green";

        document.getElementById("contactForm").reset();

    })

    .catch(error => {

        document.getElementById("status").innerText =

            "Server error! Data saved in backup ⚠";

        document.getElementById("status").style.color = "orange";

    });

});
```

Output

Data

```
+----+----------+-----------------+-----------------+
| id | name     | email           | message         |
+----+----------+-----------------+-----------------+--------------------------
| 1  | Vaishnavi| vaishnavi89@gmail.com| Hello, I am Vaishnavi    |
+----+----------+-----------------+-----------------+--------------------------
```
